

Ridge Clearing & Outsourcing Solutions, Inc.
1981 Marcus Avenue, Lake Success, NY 11042
SEC Rule 606 Report for the Quarter Ending December 31, 2009

Ridge Clearing & Outsourcing Solutions, Inc. ("Ridge") has prepared this report pursuant to U.S. Securities and Exchange Commission Rule 606 which requires broker-dealers to make publicly available quarterly reports on their order routing practices. The report provides information on the routing of "non-directed orders" - any order that the customer has not specifically instructed to be routed to a particular venue for execution. For these non-directed orders, Ridge has selected the execution venue on behalf of its customers.

Absent specific instructions from customers, Ridge automatically routes orders in Over-the-Counter ("OTC") securities to selected OTC market makers. Selected exchange-traded securities may be routed to affiliated specialists, regional exchanges or designated third-market dealers. All orders are routed to an exchange, market maker, dealer or market center that matches or improves upon the displayed national best bid or offer for the particular security at the time the order is processed. Price improvement opportunities, or executions at prices superior to the displayed national best bid or offer, may be available for certain transactions in NASDAQ and listed securities away from execution destinations to which orders are routed. Routing and execution services are subject to Ridge's execution quality standards for achieving best execution. Ridge regularly monitors the execution quality provided by the various markets to which it may route orders, to ensure orders are routed to markets that have provided high-quality executions over time.

The report is divided into four sections: one for securities listed on the New York Stock Exchange, one for securities listed on the NYSE AMEX Equities or regional exchanges, one for securities listed Over-the-Counter and one for exchange-listed options. For each section, this report identifies the venues most often selected by Ridge, sets forth the percentage of various types of orders routed to the venues and discusses the material aspects of Ridge's relationship with the venues.

Ridge Clearing & Outsourcing Solutions, Inc.
ORDER ROUTING DISCLOSURE REPORT FOR THE QUARTER ENDING DECEMBER 31, 2009
